Welcome to my Online TOEFL Course called "The 7-Step System to Pass the TOEFL iBT." This outline contains clickable links directing you to the vocabulary, pronunciation, grammar, listening, reading, writing, and speaking parts of my course, all of which are designed to help you perform optimally during the reading, listening, speaking, and writing sections of the actual TOEFL iBT. If you want to work on other lessons other than the lessons in this outline, you can view all 630 lessons by going to this web page:

Day 2:

Vocabulary Practice: Lesson [1](#)

Grammar Practice: Lessons [1](#), [1.1](#), [2.0](#)

As you work through the grammar and writing exercises, write down the correct versions of the sentences, a study habit which will reinforce the grammar that you are studying.

Find opportunities to use the grammar your study as you complete the writing and speaking practice tests in this course.

Writing Practice: Lessons [1.0](#), [1.1](#), [2.0](#), [3.0](#); Independent Writing Practice Test [1](#)

Learn about Michael's [Error Correction Service](#) for the Independent and Integrated Writing Practice Tests that you will complete.

Remember to only post 1 Independent or 1 integrated Writing Practice Test per day while you are one of my students.

While you are one of my students, engage in a regular routine of reading magazines, newspapers, and books for about 45 minutes each day. Likewise, spend about the same time each day listening to the radio and watching news, documentaries, and other informative programs of your choice.

Day 3:

Vocabulary Practice: Lesson [2](#)

Pronunciation practice: Complete [pre-test for vowel and consonant](#) sounds at [The 7-Step System Voxopop Discussion Group](#).

[Sign up](#) to get free weekly e-mail tips to improve your speaking and pronunciation.

Learn about Michael's [Diagnostic/Corrective Feedback](#) Service Offered for Speak Clearly Lesson 7-24 and 26-47. This additional service is recommended especially for those wanting to score above 26/30 on the speaking section of the TOEFL iBT.

Read out loud, a process called tracking, with Michael as you practice all Speak Clearly lessons; this will help you to improve your intelligibility. In addition, since there is a reading passage near the end of each pronunciation video, you can

also practice your integrated speaking skills by making oral summaries of what you read or listen to. You can post your oral summaries at Michael's [Better TOEFL Scores Voxopop Discussion Group](#).

[See and hear](#) how all consonant and vowel sounds are produced.

Day 4:

Vocabulary Practice: [Lesson 3 Chapter 1](#)

Listening Practice: Lessons [1.0](#), [1.1](#), [2.0](#)

Make an effort to take notes during all the listening practice tests in this course. Then use your notes to answer the questions. To practice integrated writing and speaking skills, you can use your notes to write or make oral summaries of what you have listened to. If you make oral summaries of the lectures, you can post them Online at my [Better TOEFL Scores](#) Voxopop Discussion Group.

Furthermore, since most of the instruction in this course is delivered by video, make an effort to take notes on all content you are taught in this course. Using your notes, make written and oral summaries of everything you learn.

Also spend time at [National Public Radio](#) and [Randall's Cyber Listening Lab](#) at which you can practice more listening. Aim to spend about two hours a week at both of these web sites.

Day 5:

Vocabulary Practice: [Lesson 3 Chapter 2](#)

Day 6:

Vocabulary Practice: [Lesson 3 Chapter 3](#)

Reading practice: Lessons [1.0](#), [1.1](#), [7.0](#), [21](#); Speed Reading Practice Tests [100](#), [105](#)

During this 60 day course, work hard to increase your reading speed from 100 to 350 words per minute. These reading practice tests are NOT TOEFL iBT reading practice tests; thus, they do not include all the iBT reading question types you will see on the actual exam. They are designed to help you increase your basic comprehension of academic reading passages while increasing your reading speed five words at a time.

There are NO TOEFL iBT reading practice tests in this course. However, periodically, using your TOEFL book (Cambridge, Longman, Kaplan, Barron, and so on), you should complete a reading practice test and review all the incorrect answers so that you understand your mistakes.

In addition, you should engage in a regular routine of extensive reading for about 45 minutes a day several days during the week. Choose a non-fiction or fiction book or your choice, preferably one that is at least 350 pages or more, and read regularly from that book. Do NOT worry about trying to understand every word on the page. Your goal is to understand the gist of the book while maintaining optimal concentration.
